

Giraffe Class Summer Term 1 Homework Grid

Choose one or more of these activities to complete at home this term. Bring your work in to share with your class. You can choose how to present your work – posters, pictures, writing, or even a model!

Digital work can be emailed to dale.palmer@gvsf.school

Subject Area	Task
Design & Technology	Create a Meal – Plan and (with adult help) prepare a healthy meal for your family. Take a photo or draw your dish and explain why it's a healthy choice.
RE – Hinduism	Hindu Gods and Goddesses – Choose one Hindu god or goddess and create a fact file or mini-poster about them. Include their name, what they represent, and any symbols they are linked to.
Geography – Mountains	Mountain Explorer – Research a famous mountain (like Everest or Ben Nevis) and create a travel brochure or fact sheet about it. Include its location, height, and why it's special.
Science – Living Things	Mini Habitat Hunt – Explore your garden, local park, or even a windowsill and find a habitat. Draw or describe what you found living there. Why is that habitat suitable for those creatures?
Maths – Graphs	Create a Graph – Collect some data at home (e.g. favourite fruits, TV shows, or shoe sizes in your family) and present it as a bar chart or pictogram. Don't forget your labels!
Creative Option	Free Choice! – Choose a way to show what you've learned about any topic we've covered this term. You could make a model, write a poem, or record a short video explaining something.
