Many thanks for all the Harvest Donations for Grantham Foodbank – the table has overflowed and we are now filling the floorspace underneath as you can see. We will continue to collect items until our Harvest Service on Monday. We hope you can join us at this special event. Tigers class are leading this and have been busy practising to share their presentation with you.

Just a reminder that we encourage healthy snacks at breaktime. A reminder email was sent in September to say that fruit or vegetables count as healthy snacks and also to ask KS2 that these are not in their lunchboxes but stored separately. Please can I remind everyone about this - we have had a number of children getting different items from their lunchboxes at breaktime and a number of different items outside that are not fruit or vegetables.

We are planning a Christmas Fair in school on As last year, there will be lots of exciting stalls and an opportunity for you to come and join in the fun. The School Council will be running a raffle to raise funds to support the rebuilding of our bell tower. They have been promised some brilliant prizes from Asda and Downtown and we will let you know what these are once they are in school.

Many thanks for your continued support.

KS1 Class News

Pandas— This week pandas have had a great time making wind streamers to explore the autumn wind. We enjoyed testing the weather together.

Koalas— We have been learning about the seasons in geography and history this term. We found a windy day to fly our ribbons and to explore how the season is changing into Autumn. We have also been looking at the different signs and weather that tell us what season it is. Great work Koalas.

Polar Bears— Polar Bears have been role playing different emotions so they can write a poem about their feelings. Can you guess which feelings they are acting out?

KS2 Class News

Tigers— I am really impressed with the Tigers for how well they have learnt their lines for the Harvest service. They are all so excited to showcase their parts to you on Monday.

Penguins— Penguins had a very creative time making their alternative Bolognese sauces. Each group chose a different combination of vegetables to experiment with to suit their tastes. We hope you all enjoyed eating their creations. We have some budding chefs in Penguins class!

Elephants— This week in Elephant's classroom, we have been continuing with our exploration of space and the Solar System in both our English and science lessons. The children have been enjoying this topic and are looking forward to reading their space explanation texts to Year 4 next week.

Giraffes— The children have been continuing their work in Science on the circulatory system and they have been creating anatomical drawings about the human body, following the journey of a red blood cell, and then presenting this information to others.

Breakfast and After School Club

The children have been very creative this week. We have been learning about Diwali, making different 'candles' out of paper to decorate the hall. There have been autumn leaves made from tissue paper, and some wonderful pumpkins created for our Autumn garland.
